## December 2020 Newsletter

We wish y'all a Safe and Merry Christmas and a Happy New Year! We are excited about ending 2020 and launching the new year 2021.

Our purpose is to educate voters and support the GOP by aligning with the politics and beliefs of the Republican Party. We seek to increase Latino participation and representation in Rockwall politics.

The message, working with all communities, promote the Republican Platform values that matter to both our local community and the state of Texas. We will unite for impact by planning events in Rockwall that will affect lives for years to come. We support local and state and national Republican candidates.

We invite discussion

that will accelerate empowerment opportunities that will secure the Republican values of faith and family. We are for Free Enterprise, Limited Government, National Defense, Freedom of Religion, Sanctity of Life, 2nd Amendment rights, and Law and Order.

We were encouraged by several key elections in the state of Texas that stayed Red. For example, the Texas 23rd District was targeted by Democrats to flip, but it stayed Red. Congressman-Elect Tony Gonzales prevailed and was a win for the GOP. Pat Fallon was declared the winner in our very own U.S. House District 4. Pat Fallon is a fighter and the right person for the job. Congratulations to Justin Holland's win in Texas House District 33.

*"Republicans in the state House and Senate held onto their 20-year majority..."*  
In addition, *"Texas sends 36 representatives to the U.S. House, the second-most of any state."*

*President Trump was the winner in Texas with 52.1% of the vote."* (Texas Tribune)

The excitement and support for President Trump was focused on his great accomplishments with Promises Made—Promises Kept. President Trump did a great job and his drive to *"get things done"* was amazing and has significant accomplishments.

We hope to make a difference in Rockwall County and we are encouraged by your support.

I AM PRO-AMERICAN!

I believe in WORKING HARD FOR MY GOD, FAMILY, COUNTRY! I want AMERICA to continue in a FREE & PROS-

PEROUS WAY FOR all Americans.

I come from a poor background that began in central California many years ago as a young Latina. My parents were ALWAYS hard-working and taught me work ethics and EARNING YOUR OWN WAY is the only

way to MAKE IT IN OUR GREAT COUNTRY. My father was an MP in the US ARMY and we were raised strictly and always to obey LAW & ORDER & respect our Teachers. My parents DID NOT put up with ANY bad behavior whatsoever. NONE. (Continue on Page 3)

## A Word From A Republican Educator—Katie Elliott

I am honored to be a new member of “*Friends of RCRHC*”. I am not originally from Texas, but I got here as fast as I could. I am proud to be a Republican Texas transplant. I have been a classroom teacher for over 30 years in Texas. I have spent most of my career educating Hispanic students. I am excited to see the Republican Party fighting for the educational rights of Hispanic students in Texas and across the nation.

Statistics show that 94% of Hispanics consider education a

very important issue. Parents expect their children will be given equal access to learning opportunities. Sadly, they often find this is not the case. As a veteran teacher, I know the academic playing field is not level in many Hispanic communities. The Republican Party wants to make a change!

Our party supports Hispanic Americans’ access to equal education and economic opportunities. The White House Office of Hispanic Prosperity is focused on improving the level of educa-

tion for all Hispanics. The GOP also supports additional education choices, both through and outside traditional education options.

As a community, we need to work together to create academic scholarships. Many students are unable to further their education without financial support.

I am encouraged to see this is a goal of the Rockwall County Republican Hispanic Club.

## Travails of an International Voyager—Oscar Quincy

As soon as Fidel Castro assumed power as a communist dictator, (he totally denied being a communist and promised democratic elections) our family realized that an expeditious exit from what was to become hell on earth was inevitable if we wanted to survive.

People were shot if they were part of the previous government/military forces or even suspected of such violations; all that was necessary was someone who had a grudge against you to point you to the military for a prompt exe-

cution.

Being part of an affluent family made us a target of harassment for the communist “*mafia*”. They were more desirous to allow us to leave for America as long as we turned over to the communist government all of our land, property and financial assets. They actually confiscated all of our earthly possessions. We were issued visas and ordered to leave with the clothes on our backs, a small suitcase and no money.

Upon arrival to the U.S., we

were directed to a large hanger building serving as immigration processing office; there we received documents allowing us to legally remain in the USA. We ended up in Madison, New Jersey, a beautiful city where we were sponsored by a church family for two weeks until we found a home and became independent.

My father passed away before we left Cuba so we had some challenging times during those years; my mother was a beautician and found employment. (Continued on Page 3)

## Capitalism Vs. Socialism

The economy is more promising with Capitalism. It has been proven that Socialism is an economic failure. Socialism favors government ownership whereas Capitalism favors private ownership and a limited government role. We are responsible for our own well-being. According to Margaret Thatcher, *“The problem with Socialism is that you eventually run out of other people’s money.”*

The message with Socialism is distribution of wealth and transferring money from the rich to

the poor is a false narrative.

We are a point in the nation that is dangerous with Socialistic policies. History has shown that the rhetoric starts with the promise of free Democracy but results in authoritative rule. People in our country believe in

*“An Appeaser is One Who feeds a Crocodile, hoping it will eat him last”. Winston Churchill*

the “*American Dream*” through hard work.

According to Dr. Jack Graham, *“Socialism is fundamentally at odds with the Christian worldview and seeks to suppress all peoples’ in support of the state.. Socialism leads to misery, poverty and death whereas the Bible teaches us that Jesus brings freedom, liberty and life abundant”.*

**2nd Thessalonians 3:10—If any man would not work, neither should he eat.**

Quincy (Continued from Page 2)

My mother was offered welfare and food stamps whereas, she totally refused to accept welfare and food stamps and proudly worked for our living.

I knew that my mother could not put me through college, therefore, I joined the Army; whereas the military funded my education and I earned and received a bache-

lor of arts and masters degree.

My brother Alex was bright, gifted all through elementary to high school; when it was time to apply for college, Georgia Tech even before applying offered him and drafted him (*“we want you on our team”*) a deal with all expenses paid! He did not disappoint and at Georgia Tech, he became a Computer Scientist and has been working for NASA ever since!

All that we have accomplished we owe to The Good Lord, praises be to his Holy Name. Hallelujah!!!

**Colossians 3:23—Whatever you do, work at it with all your heart, as working for the Lord, not for human masters.**

Quiñones-Ulring (Continued from Page 1)

My husband and I are both retired Law Enforcement. I am a PROUD former 911 DISPATCHER—CALIFORNIA, HWY PATROL (27+ YEARS) and believe STRONGLY in LAW & ORDER as a necessary asset for a FREE SOCIETY to continue on...

President Trump must be RE-ELECTED in order for AMERICA TO THRIVE & KEEP AMERICA GREAT! We are ALL in this struggle TOGETHER and must NEVER give up on our President or OUR GREAT COUNTRY!! GOD BLESS AMERICA ALWAYS! WE WILL BE NOWHERE WITHOUT HER!!

## May I Please Have Another Abuelo (Grandfather)? And Buñuelos Chuecos (Crooked Buñuelos)

Buñuelos is a dessert made from fried dough covered in cinnamon sugar. Buñuelos originated among Spain's Morisco population. Buñuelos were flavored with anise and were round and flat.

In the Mexican-American culture, buñuelos are a New Year's tradition. "During the Spanish Settlement *en el Mundo Nuevo*, Spanish explorers brought the buñuelo tradition with them."

My (Edna) cousins invited us (myself and my sons and daughter) to learn how to make buñuelos. One of my sons, Bryan, loved the buñuelo so much, he politely

asked, "May I please have another Abuelo (grandfather)?" My cousin responded, "You may have another buñuelo, but I'm fresh out of grandfathers". At least, I am proud of his manners because he said, "May I please..."

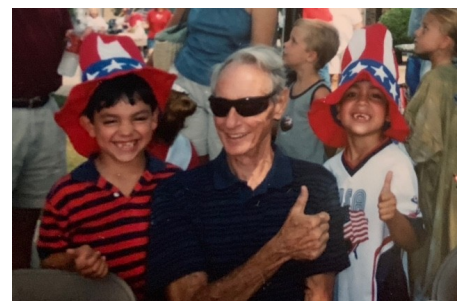

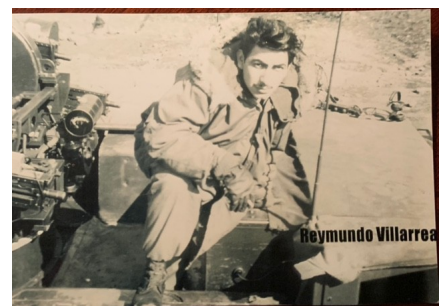

My Mom tried to teach me how to make buñuelos but I was always in a hurry to play so my buñuelos would always come out chuecos (crooked) instead of round. Kind of like my tortillas—chuecas instead of round. But, still delicious!

**Proverbs 17:6 Grandchildren are the crown of the aged. And the glory of sons is their fathers.**

*Working together on issues that matter is the difference we are making in Rockwall. The RCRHC now has officers in-place and we are working on solutions with the GOP.*

*Our main objectives are to educate, inform and be of service in our community. We worked together with the GOP to help keep Texas Red. We are helping increase Latino participation in Rockwall. The RCRHC promotes community interest issues that we hope will both attract and resonate with the Hispanic community. We are involved with issues that are vital to the Republican Party platform.*

*We are educating the community of the beauty and rich history of the Hispanic culture. This enables better understanding and collaboration with all communities. We are including a "Y'All Section" in our newsletter in order to invite discussion on questions and concerns for a positive path forward to secure a strong Republican message. Please pass this newsletter to your friends and family. Please encourage either a contribution or membership. EVERYONE is welcome.*
