Quote from Rep. Mayra Flores— “U.S. Inflation hit 9.1% over the past year, early polls indicate more breakfast tacos are leaning Republican.” The Representative’s remarks were in response to a quote from Dr. Jill Biden “comparing Latinos to breakfast tacos.” A recent Quinnpiac Poll (7/25) indicates that “Disapproval Among Hispanics” is at an all-time high. **The disapproval among Hispanics is at 70% for President Biden.** In North Texas, we cannot take anything “for granted” because HARD work is needed to “make the shift to the Republican Party” and/or to maintain the momentum.

RCRHC believes in the United States Constitution, Religious Freedom, Sanctity of Life, Border Security, Election Integrity, Parents’ Rights, Educational

Freedom, Right to Bear Arms, Anti-Vaccine Mandate and Economic Opportunity. RCRHC backs Law Enforcement and the Military.

Secure the Border

According to the Quinnpiac Poll, At the Southern Border, “the Got-aways” report.

2022	2021
500,000+	900,000

October 1, 2021 to date: 1.6 million encounters – Average of 7500 encounters per day (resources can only handle 3500 per day).

October 1, 2021 to date: 157 countries have breached our border.

October 1, 2021 to date: Border Patrol has addressed 16,300 search and rescue.

October 1, 2021 to date: 480 deaths. NSA Border meeting-Sheriff Dannels.

(This does not include the thousands of deaths due to Fentanyl coming across our Southern Border).

How do we solve the border problem?

Sheriff Garrett, Sheriff Eavenson, Texas Border Sheriff Bennie Martinez and Arizona Sheriff Mark Dannels provided valuable information concerning Rockwall County and the Southern Border. Ray Myers presented a Resolution directed to each Texas County to prompt Governor Abbott to declare “an invasion.” The status of “Declaration of Local State of Disaster” is on the Agenda at the Rockwall County Commissioners Court **August 9th Meeting.**

The Texas State Republican Convention — Jerry Fisher

The Texas State Republican Convention is a wrap. The convention was very productive and fun. I want to thank those delegates who were able to come to Houston. And we missed those who could not attend. Thank you for re-electing me as your SREC SD2 Committeewoman. I promise you I will do my best to represent you.

Bruce Bishop from Dallas County was elected as our SREC SD2 with many years of political experience. He served SD2 as our member on the Rules committee at convention and he comes with many years of political experience.

Matt Rinaldi was re-elected as our State chair and Dr. Dana Myers of Harris County was elected as Vice Chair.

Over 8,000 delegates voted on 274 planks to be included in the Republican platform and the op eight legislative priorities.

Our job is not completed. We have another important task at hand. A new focus on the midterms is coming. I think we all recognize the importance of the elections. This November we need all Republicans’ help in getting our candidates elected.

Eight Legislative priorities are in ranked order:

1. Protect our Elections
2. Secure the Border and Protect Texans
3. Ban Gender Modification of Children
4. Stop Sexualizing Texas Kids
5. Ban Democrat Chairs
6. Abolish Abortion in Texas
7. Defend Our Gun Rights
8. Parental Rights and Educational Freedom.

Follow the Science! — Betsy Gallagher

“The predominance of human biological research confirms that human life begins at conception. At fertilization, the human being emerges as a whole, genetically distinct, individuated zygotic living human organism, a member of the species Homo sapiens, needing only the proper environment in order to grow and develop. The difference between the individual in its adult stage and in its zygotic stage is one of form, not nature.” American College of Pediatricians

RCRHC applauds the decision of the United States Supreme Court for overturning Roe. The integrity of the medical profession depends upon a consistent life ethic. We have been told for several years to *“follow the science”* on other health issues. So, shouldn't we also follow the science on this medical fact?

Our nation can now continue to disentangle the life-giving mission of the medical profession from the deadly practice of abortion and still provide support for women's health by providing care for the mother and child through delivery.

The issue will be complicated. It will require wisdom from both sides of the aisles of government. Educated conversations with open-mindedness and compromise at round table discussions will ensure the most favorable outcome. The soul of our nation depends on this.

RCRHC will continue to promote life affirming solutions for mothers who find themselves in unplanned pregnancies. We believe in being part of the answer!! If you'd like to partner with us in this endeavor,

please contact me about being part of our next year's Sanctity of Life Event.

And most definitely vote to continue to have Texas be a state that values **LIFE!!!**

Dr. Pressley earned a Ph.D. in Physical Chemistry from UT Austin and was an engineer and manager for 17 years in the

semiconductor industry. She holds 4 U.S. patents on semiconductor device technology. She has appeared on the **Roger Stone's—Stone Cold Truth** radio show, and many others, and has provided testimony to the Texas Senate and House on election security and technology issues.

of Life event benefitting Selah Creek. We raised over \$28,000 and presented proceeds to **Alesa Donham** from Selah Creek at our July meeting.

Election Integrity

RCRHC will host a **Election Integrity** meeting in August. We are honored to host **Dr. Laura Pressley, Founder of True Texas Elections and Chris Lynch Rockwall County Elections Administrator.**

The What

We are driven by our principles, however, two things that are more important than our principles 1) we follow where

God leads us 2) we treat each other with respect. We chose five principles in order to be more effective in *“moving the ball”* with our conservative values and principles.

The Why

Take our country back!

The Who

You! *“An awakening is occurring in our country and state. Those of us who were sitting in front of the TV complaining about the state of our nation have gotten off the sidelines... **This is the time for action!**”* (Betsy Gallagher Vol.I Issue 10 Aug 2021)

The How

“RCRHC is committed to helping inform

the voter! We continue to invite Candidates for the upcoming elections to come speak at our meeting. It is of paramount importance to have informed voters choose candidates that will represent our country's values and principles.” We also invite speakers that will keep us informed on important issues. RCRHC is solution-driven.

Please consider joining as a member of RCRHC and help us with important work. You do not need to be Hispanic to join our club. **We welcome ALL communities! #LET'S WORK TOGETHER!**
